epbc.referrals@environment.gov.au

Dear Mr Barker

EPBC Act Approval 2011/6004

1. We confirm that we act on behalf of Ranfurly Developments Pty Ltd (ACN 603 201 332) in relation to the above matter.
2. Our client is the holder of EPBC Act Approval 2011/6004 (**Approval**) which was issued by the Department of Agriculture, Water and the Environment (**Department**) on 14 April 2016.
3. Under condition 5 of the conditions attached to the Approval, our client is required to invite a suitably qualified expert to collect seeds or other genetic material from Spiny Rice Flower individuals at the proposed action site prior to commencement of construction. Our client must then provide the Department with documentary evidence of the invitation. If the invitation is accepted, our client is required to allow sufficient access to the proposed action site for this collection to take place.
4. In satisfaction of those requirements, we now **enclose** a copy of Dr. Debbie Reynolds' report concerning seed collection from an area of land along the Western Highway, near the Burnside Hub shopping centre.
5. Our client considers that all requirements that must be met under the Approval prior to the commence of construction have now been met.
6. Please contact Bridget Negri or Joshua Dellios with any queries.

Yours faithfully
MinterEllison
